WEATHER VANE DECOYS

H200WVF

No need to reset your decoys with every change in the wind! These decoys will move to face the wind!!

These decoys give the appearance of a full body goose but are stackable and light for easy transport. The Weather Vane is offered in Honker, Snow, Whitefront and Mallard. The goose Weather Vane come in a six pack of all feeders or a pack with four feeders, a greeter and a walker/preener.

Greeter

Proudly American made since 1934!

Uncle Sam approved!

All G&H DECOYS are crafted from original hand carved patterns to give the most realistic body shapes with special attention to the raised feather detail!

We at G&H guarantee the quality of our American made products with absolute paint adhesion and durable high impact plastic.

Our floating decoys have a unique keel design and a recess bottom which makes the decoy ride the water more naturally and prevents unnatural rolling from side to side.
